

Indiphile Tini

068 561 0804 | www.linkedin.com/in/indiphile-tini-a53017379

Professional Summary

A motivated and detail-oriented DevOps Engineer Intern with a solid foundation in software development and a passion for automation, cloud-native solutions, and continuous integration/delivery. Possesses a strong track record of applying problem-solving and technical skills to collaborative projects. Eager to contribute expertise in cloud technologies and automation while growing within a dynamic engineering team.

Technical Skills

Cloud Platforms:	Google Cloud Platform (GCP), AWS (fundamentals), Azure (exposure)
DevOps & Tools:	CI/CD Concepts, Docker (introductory), Git & GitHub, Scripting
Languages & Web Dev:	HTML5, CSS3, JavaScript (basics), Python (familiarity)
Operating Systems:	Linux & Windows environments
Other Tools:	Visual Studio Code, Postman, Command Line

Education

NQF Level 5 – Software Development | Codetelligence Academy (2025)

Completed an intensive software development program with a focus on practical, project-based learning. Developed and delivered 6 comprehensive group projects, applying full software development lifecycles.

Projects

Codetelligence Academy Group Projects:

- Resume Builder: Contributed to a web application for creating and managing professional resumes.
- AgriAI: Collaborated on an AI-powered tool designed to provide insights for agricultural planning.
- LinkedIn Scraper: Assisted in developing a data extraction tool for gathering professional profiles.
- Sentiment Analysis: Helped build a tool to analyze and classify sentiment from text data.
- Chat Bot: Participated in creating an interactive chatbot for user assistance.
- EduTools: Worked on a platform developing educational utilities and resources.

Personal Projects:

- Personal Portfolio Website: Built a responsive website using HTML & CSS to showcase projects and career achievements.
- Automation Practice: Created basic shell scripts to automate routine tasks in a Linux environment.

Certifications & Achievements

- NQF Level 5 Certification – Software Development (Codetelligence, 2025)
- GCP Professional Architect Specialization for DevOps (6 Certificates) - Coursera
- AI Bootcamp Certificates (12 Certificates)
- Professional Development Certificates (17 Certificates)

Experience

DevOps Engineer Intern – Capacity (2025 – Present)

- Assisted in building, maintaining, and monitoring CI/CD pipelines.
- Gained hands-on exposure to containerization principles and deployment strategies.
- Collaborated with senior engineers to troubleshoot issues and optimize development workflows.
- Supported the development team with version control management and testing practices.

Soft Skills

Problem-Solving & Analytical Thinking
Strong Communication & Teamwork
Adaptability and Continuous Learning
Time Management & Task Prioritization
Critical Thinking Under Pressure
Collaboration & Team Synergy
Attention to Detail
Proactive Initiative
